Jane Stroucken

Welcome

1. The Journey to today

- a. Why the course material was developed
- b. Movement to the new platform
- c. Target audiences and uses for the training program

2. Webinar

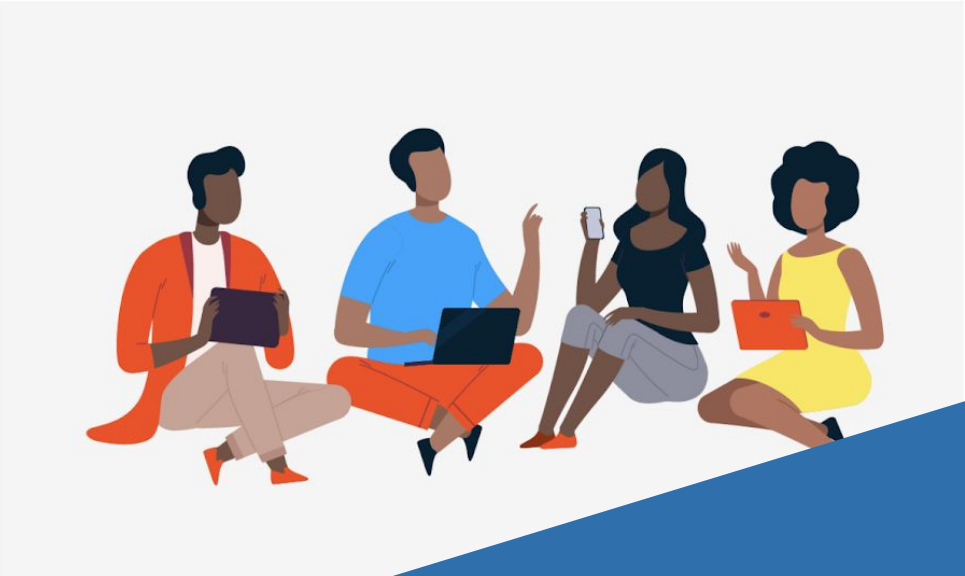

- a. Date 17 Feb 2021

This training program is designed to accelerate your understanding of Mojaloop and encourage informed advocacy. Our goal is to advance Mojaloop's adoption and use it to drive financial inclusion.

If you are interested in learning more about Mojaloop and build expertise to help contribute to this open-source platform, then you are in the right place.

Value of Mojaloop Training Program

Implementers can freely use the core code, join the community, and build inclusive, real-time payment systems to help support the Mojaloop Foundation's mission of providing universal financial inclusion to all. However, these transformations can be difficult, and implementing them. One of the Mojaloop Training Program is to help implementers to scale the adoption and

Welcome to MOJA 102, the DFSP Interoperability API course of the Mojaloop Training Programme.

Welcome to MOJA 101, the introductory course of the Mojaloop Training Programme.

Demo

Paul Baker

The **Mojaloop Training Program** is a **consolidated body of knowledge** of what is most important to be transferred to **new community member**.

1. answer questions.
2. communicate clearly what is important
3. reinforce a culture of best practice

Great for
Onboarding to
Mojaloop

Mojaloops brilliance is in the details.

Important for
existing community
members - who
have a stake in
Mojaloop

... so get involved

Context

Simeon Oriko

Context

1. Community Involvement Framework
2. Mojaloop Training Program Workstream Proposal

Community Involvement Framework

- Objective: Expand opportunities for community contributions
 - Reviewing content
 - Develop new ideas for courses
 - Govern content contribution

MTP Workstream

1. Leadership - Jane Stroucken
2. Governance
3. Manage contributions
