

# Documentation, Onboarding, Sandbox

Lewis Daly

PI-17 Update

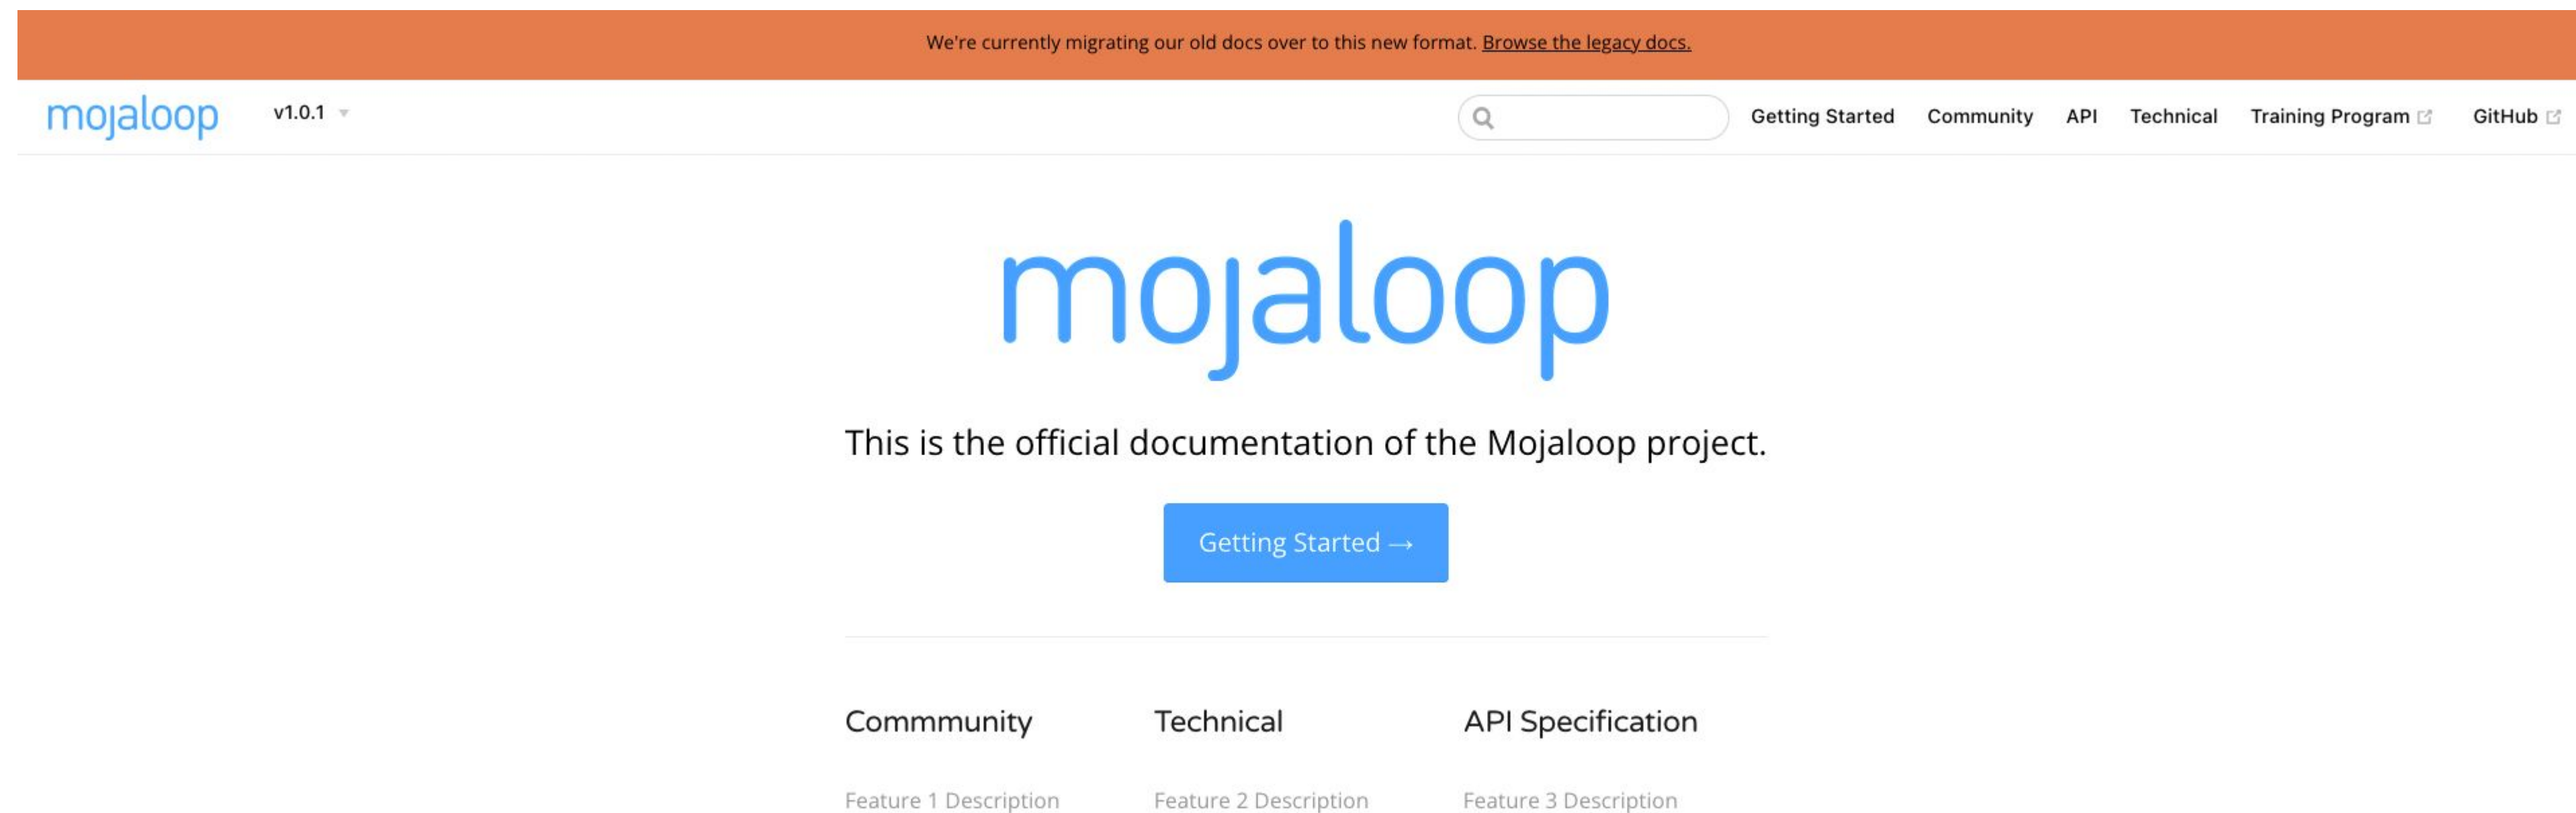

# Documentation

# Documentation

- Went live at [docs.mojaloop.io](https://docs.mojaloop.io) end of last year

# Documentation

- Bulk of the migration is done
- New structure, format, style
- Docs writing requires the whole community!
  - Also a great way to get involved and start contributing
- Check out the 'docs' label on mojaloop/project
  - <https://github.com/mojaloop/project/labels/docs>

# Sandbox

# Sandbox

- Added HTTPS support
- Improved automated daily tests
- Supported community members using the Sandbox to explore Mojaloop

# Sandbox

- Added HTTPS support
- Improved automated daily tests
- Supported community members using the Sandbox to explore Mojaloop

**That's All!**
