Orbit 1: Builders

Orbit 2: Contributors

Orbit 3: Participants

Orbit 4: Explorers

Orbit 4: Explorers

- These folks have read our community's blog posts and newsletters, watched videos on our YouTube channel, attended our meetings, or tried testing Mojaloop.

- They're not fully-activated community members yet, but are at least passively interested and form a part of our audience.

mojaloop
foundation

Orbit 3: Participants

- These individuals have navigated the onramp into the community and are starting to establish a track record of activity or participation.

- They've made some lightweight contributions like writing documentation, or volunteering for a small task.

mojaloop
foundation

Orbit 2: Contributors

- These folks are taking on more time-intensive, higher impact roles in the community.

- They might be advocating for Mojaloop, giving talks or hosting small events.

- They're consistent, recognizable faces who embody the culture and actions the community expects.

mojaloop foundation

Orbit 1: Builders

- These individuals have very high love for the community, taking on important challenges and playing a leadership role.

- They're known to many other members, who look to them for guidance and help.

- They may head one or more large groups inside of the community.

mojaloop
foundation

Orbit 0: Team

- The folks that have the ultimate responsibility for the community occupy the center of the solar system

- (Basically, Megan and me)
